Chief of Police Wins Court Decision

Young Burglars Apprehended By Police

After escaping from the San Mateo County Juvenile home last Sunday, a 15-year-old Daly City lad, and a 12-year-old San Mateo boy, burglarized a San Mateo church, and attempted to break into a Belmont church, they told San Mateo police who apprehended them Monday night.

The pair escaped from the home by climbing a fence. After his arrest Monday night, the San Mateo lad told officers they had broken into St. Matthew's Catholic church in San Mateo Sunday night and taken $3. Earlier they had failed in an attempt to break into the Belmont Catholic church, he said.

Names of the youngsters were withheld by the authorities.

Establish New County Office

Establishment of a county service office and adoption of a resolution urging the State Highway commission to include improvement of El Camino Real and other supplemental routes were two business matters attended to by the San Mateo County Board of Supervisors at their regular meeting Tuesday.

The county service office was established on the motion of Supervisor Alvin S. Hatch, with Supervisor Thomas L. Hickey seconding. Supervisor Henry W. Edmonds, who had been studying the advisability of establishing the office, recommended its establishment.

Similar to offices now operating in 22 counties of the state, the new department will acquaint veterans and servicemen of their rights, claims, etc.

It will begin functioning July 1, beginning of the new fiscal year. Suggested salaries were $250 a month (including a $20 monthly war bonus) for the service officer and $180 a month for an assistant. Supervisor Edmonds also suggested a capital outlay of $1000. The service officer and his assistant will come under the jurisdiction of civil service.

The resolution urging improvement of El Camino Real states that it is now inadequate to handle traffic from San Francisco to Redwood City. This resolution is similar to ones already adopted by city officials of Redwood City, San Carlos, San Mateo, Hillsborough, San Bruno, South San Francisco and Daly City.

Baseball Game Scheduled Sunday At Local Diamond

Many well-known veteran semi-pro stars and top professional baseball players will parade before Daly City fans Sunday at Marchbank park, when two of San Francisco's outstanding clubs, Pete Connolly's Moffat Mantecas and Harry Maloney's Longshoremen clash for supremacy. The umpire's ball call is slated for 2:30.

Lineups of both clubs are studded with players well known here. Eddie Ghilardi, John Perry, and Rocco Cardinale, former Seal tryouts, and Ray Medeghini, veteran hurler, are with Moffat Mantecas. Manager Maloney, Tudo Zarrasco, and "Lefty" Fieber of the Longshoremen will be recalled by local fans as main cogs in a powerful Daly City Tanforan club lineup that won Peninsula league titles back in 1934 and 1935, when the club was piloted by Jeff Martin.

Eddie Lodigiani, Ted Spirz, the lad who can steal any base almost as quick as the ordinary person can say "scat," Bill Gonzalves and Ray Stagnaro are other Longshoremen well known to baseball fans of this area.

Rival managers have announced their starting lineups as follows: Moffat Mantecas — Ghilardi, 1b; Matt Midich, lf; Perry, 3b; O'Neil, 2b; Murphy, ss; Tom McDonough, cf; Butch Moran, rf; Cardinale, c; Medeghini, p.

Longshoremen — Lodigiani, 3b; Babe Zasso, ss; Spirz, rf; Zarrasco, 1b; Dick Goldbech, lf; John Hughes, cf; Gonzalves, 2b; Pancho Galarza, c; Fieber or Stagnaro, p.

When Knowles Piercey, the lanky southpaw, who pitched eight and a third innings of steady baseball for the Seals Sunday in that 15 inning "hotshot" at Los Angeles, was asked if he felt uneasy at the prospect of facing the highly touted Angels, he replied:

"Why should I? I don't think the Angels are as tough as the Moffat-Manteca team I pitched against at home."

While several of the players who faced Piercey have gone on to their major league clubs, Skipper Connolly of the Meatmen feels his present club is just as good as that one—and doesn't hesitate to say so.

Governor Names Poss As Supervisor

Governor Warren this week named Martin Poss, Burlingame florist as San Mateo county supervisor. Poss replaces Fred E. Beer, former chairman of the board, who was recently appointed county controller.

Governor Names New Directors For Agricultural District

J. Sheldon Potter, head of the Pacific Coast Livestock Producers association and owner of several cattle farms, and Roland Tognazzini, president of the Union Sugar company, were recently named by Governor Warren as directors of the San Francisco - San Mateo Agricultural district. Both were new appointees.

At the same time, Governor Warren reappointed Nion Tucker and George N. Keyston, both of Hillsborough, to the board. Tucker is president of the California Heresford association and a prominent breeder of Heresford cattle. Keyston has extensive livestock interests in San Mateo county.

The four men will be in charge of livestock shows at the "Cow Palace" when such shows are resumed.

Incumbents Win In Council Race

After one of the hottest pre-election campaigns in years, but with only a very light vote being registered, San Mateo voters Tuesday returned Carol M. Speers, Edward J. Rielly, and Creed Haberlin to the city council and turned down $380,000 proposals for bond issues for post-war projects, also defeating a proposed amendment to the city's retirement act.

Unofficial returns at the city clerk's office Wednesday gave the seven councilmanic candidates the following vote: Spears, 2236; Rielly, 2212; Haberlin, 2165; Charles Berryessa, 2147; James Inglis, 1814; Roy Jaeger, 1559, and Marcel Biscay, 1108.

Speers, Berryessa, Inglis and Biscay had campaigned on a Good Government league ticket against Rielly, Haberlin and Jaeger in the heated pre-election skirmishes, during which a suit to oust Speers from office had been filed in the San Mateo county courts.

Draft Board Has Call For More Men

Among local men inducted into the Army on Monday, April 2 from Daly City Draft Board No. 103 were Richard Chelone, 42 Alemany street; John Melani, 85 Theta avenue; Richard Reynoso, 370 Woodrow street; Cecil Hawkins, 6991 Mission street, and Norio Tori, 357 Winchester street.

Mrs. Isabelle Flynn, chief clerk, states she has received a call for the induction of five men for April 23. Men called for this induction will be those known as "job jumpers," in other words men who changed employment without permission of the Draft Board.

Spaghetti Dinner Is Served At Club

Ninety-seven boys enjoyed the spaghetti dinner served at the Daly City Servicemen's club Thursday, March 29, by Mrs. Mary Conti, Mrs. Ann Eason and Mrs. Mazie Boyle.

The menu included spaghetti, chips, pies, cakes and fruit, also one very big birthday cake. The Women's Civic club donate a birthday cake once a month to honor some boy who has had a birthday that month.

Mrs. Margaret Steele was hostess on Saturday evening, March 31, and she had the boys color eggs for Easter.

The members of the club wish to thank Joseph Sarto for the coffee urn which he donated. They would greatly appreciate it if someone would be kind enough to offer to connect it, so they can have the use of the urn.

JUDGE ORDERS CITY TO REINSTATE REARDON

Superior Court Judge Andrew Schottky brought to a close, as far as the superior court is concerned, the matter of Chief of Police James Reardon vs. the City of Daly City by signing the judgment in favor of the chief of police today. Salient features in the judgment are:

Chief of Police Reardon

1. That Ordinance No. 203, a civil service ordinance of Daly City, is a valid and legal ordinance and that it is presently in full force and effect.

2. That Police Chief Reardon on June 26, 1944, and ever since was a civil service employee of the City of Daly City.

3. That failure of the city council to appoint a board of review and to adopt rules and regulations to provide procedure for an appeal from an order of discharge left the city council without power or authority to discharge civil service employees.

4. That Reardon recover from the city the sum of $2,333.33 due him in salary, less $112.63 earned by him during said period of time, leaving a sum of $2,220.70 to be paid Reardon by the city.

5. A writ of mandate be issued and the city ordered, by the superior court, to restore immediately James G. Reardon to the office of chief of police.

Clothing Drive Now Under Way For Europe's Needy

The goal set for the National Clothing drive is 150,000,000 pounds of serviceable used clothing, to be collected during the month's campaign for the people of Europe. The slogan is "What can you spare that they can wear?" Voluntary war relief agencies have been united for the drive, under the United National Clothing collection and the United Nations Relief and Rehabilitation administration.

The plan calls for depots in every American community for collection and sorting of clothing. Cottons are to be washed, but not pressed, before being given to the volunteer solicitors. Woolen garments are to be sent in as they are. Shoes—any size or type are particularly desired; so is bedding.

The government requests that each person donate at least five pounds of clothing.

Donations may be left at the following places: Grace Church of the Nazarene, Santa Barbara and Vista Grande avenue from 9 a.m. to 12 noon on any day from April 1 to 15 inclusive; Our Lady of Perpetual Help, 60 Wellington avenue, in the garage building in the rear of the priest's house; at all of the grammar schools and at Jefferson Union High school.

Teachers Meet This Friday, Apr. 6

There will be a one-day teachers' institute Friday, April 6, for all elementary and high school teachers of San Mateo county. The institute begins at 9 a. m. in the Little theatre, Jefferson Union high school.

The program is as follows:

9-9:10 a. m.: Music by pupils of the elementary school.

9:10-9:15 a. m.: A talk on the purpose of the institute.

9:15-10:45 a. m.: Talk on reading, spelling and writing by Mrs. Eleanor Collins, director of curriculum of elementary schools.

10:45-10:55 a. m.: Instrumental selections, Jefferson Union High school orchestra.

10:55-11:45 a. m.: Visual education, elementary and high schools, Howard Rote.

11:45-12:30 m.: Talk on elementary school language, Mrs. Eleanor Collins.

Colma Passes Goal Set By Red Cross

Mrs. M. Pauline Brown, chairman of the Colma unincorporated area of the American Red Cross War Fund drive, stated this week that collections are continuing to come in. Reports from all workers have not yet been received. However, Colma has passed its $2,000 mark.

Gloria Scramaglia and Barbara Callan, workers during the drive, have worked the necessary hours to win the new service emblem which Jefferson Union High school now awards students who have given 25 hours of outstanding service to their community.

SEVENTH WAR LOAN DRIVE BEGINS IN MAY

Daly City's total quota for the Seventh War Loan, set for May 14, will be $196,300, it was announced today by Walter J. Lehigh, chairman of the Daly City War Finance committee.

Of this amount, $173,520 must be raised through the sale of "E" bonds, the smaller-denomination bond purchased by the average wage-earner.

"The necessity for this sharply increased quota for 'E' Bonds is instantly recognized," Lehigh said, "when it is considered that the treasury department will launch but two drives this year as compared to three in 1944.

"The treasury department, to carry out its war-finance program, must borrow from the people so much money each year.

"Obviously, if a purchaser bought $100 in War Bonds in each of the 1944 drives, he would have to acquire $150 worth in each of the two 1945 campaigns to meet his individual responsibility."

Official dates of the seventh drive will be May 14 to June 30. However, Lehigh explained that, because of the two-drive policy, all bonds purchased on or after April 9 will count toward the city's quota. In past drives, only those bonds purchased during a 60-day period counted toward the total. Thus, purchasers will be given a longer period of time in which to purchase their share.

The balance of Daly City's total quota, $22,780, must be subscribed by organizations, business firms and individuals purchasing securities other than the Series "E" Bonds.

Mr Lehigh said his committee for the seventh drive will be announced soon.

The national quota has been set at fourteen billion dollars, four billion of which must be raised through the sale of "E" bonds. Northern California's total quota is 399 million dollars, of which 164 million dollars is the "E" Bond quota.

Peterson Opposes Plan To Acquire More Property For Court House Use

County Executive Frederick Peterson of San Mateo county Tuesday announced his opposition to a plan of a group of county officials to acquire the block in the rear of the court house to house a number of county offices.

Peterson said the present site of the court house should be utilized to house all the county offices in one block, instead of spreading them "all over Redwood City." He indicated he would carry his fight further by recommending to the board of supervisors that the plan be denied "at the proper time."

County officials agreed at a meeting March 23 to tear down the court house dome, and abandoned the idea of rebuilding or repairing the old unit between the two annexes of the building. At that time they asked architects to proceed with sketch plans indicating the best way to provide for additional office space. Peterson was present at this meeting.

At a later meeting attended by the supervisors, county board of architects and Peterson, two plans were made; one, to add another story to the rear annex of the building, and the other, to construct new buildings on the block back of the court house, bounded by Middlefield road, Marshall, Hamilton and Bradford streets.

It is the latter plan to which Peterson is objecting, claiming it is too extravagant. He believes a much cheaper solution of the problem would be to add two stories to the present one story rear annex, and another story to the old unit of the building which is two stories at present. The front annex is three stories at present.

He estimated it would cost approximately $900,000 to build on the rear block and move the offices across the street, while, he said, he believed offices could be constructed at the present site for about half that amount.

NEWS OF OUR MEN and WOMEN IN UNIFORM

At a Pacific Island Base: (Special)—Participating in five invasions on board a Coast Guard-manned frigate that covered more than 67,000 miles during twelve months of duty in the Pacific theatre of war, Coast Guardsman Samuel C. Olson, seaman first class, son of Mr. and Mrs. Edward Olson, 230 Vista avenue, Daly City, is enjoying a brief period of relaxation with his shipmates while their ship undergoes minor repairs at this Pacific port.

Veteran of the initial assaults on Hollandia, Wakde, Biak, Sansapor and Leyte, he has taken part in varied peace and war-time Coast Guard assignments while stationed on board this ship. "In addition to convoying other ships we have delivered mail to isolated spots, rescued survivors of plane crashes, towed sea-cripples, transported men to invasion points, bombarded Jap shore installations and charted invasion waters. At one place we discovered shoal waters where all available information showed more than 1,300 fathoms depth," Olson and his shipmates said.

"We have four hash-marks above the operating table in our sick-bay commemorating the appendectomies performed at sea, and the seat cushions in our small boat are souvenirs of six American fliers we rescued when their plane crashed near us."

The itinerary of the Coast Guard-manned frigate reads like a Pacific battle map. In addition to the five invasion spots, it has also visited Samoa, Espirito Santas, Finschaven, Milne Bay, Humbolt Bay, Maffin Bay, San Pedro Bay, Manus and Morotai. And according to the ship's skipper, Commander C. B. Arrington, 4510 Stanford street, Chevy Chase, Maryland, "The closest we came to getting any trouble from the Japs was during a night bombing when their planes missed the mark by four miles."

Captain Grant R. Smith, son of Mr. and Mrs. Ronald Smith, 258 Templeton avenue, was one of four Mustang pilots, operating from Italian bases, who were credited with downing Nazi planes in a wide-spread aerial attack on Europe. This was the first German plane to be shot down by Captain Smith. He is also credited with two Japanese Zeros knocked out over the Southwest Pacific.

An Eighth Air Force Bomber Base, England — First Lieutenant Oliver J. Granucci, 26, of Daly City, pilot on an Eighth Air Force B-17 Flying Fortress, has been awarded an Oak Leaf Cluster to his Air Medal, previously won, and equivalent to another award of the medal.

The award was for "meritorious achievement" during bombing attacks by Lieutenant Colonel Chester C. Cox' 388th Bombardier group against Nazi war industries and military targets in cooperation with Allied ground forces.

He is the son of Mr. and Mrs. O. B. Granucci of 169 Mateo avenue, and his wife is Mrs. A. M. Granucci of 1226 26th avenue, San Francisco. He entered the AAF in August, 1942.

Private Albert M. Rosenberg, son of Mr. and Mrs. S. Rosenberg of 876 Brunswick street, has been wounded in both legs while in action in Germany, March 2. At present he is in a hospital in France recovering from his wounds.

His wife, Mrs. Irene Rosenberg, 1263 Brunswick street, received the news and says he is on his way home.

Staff Sergeant William Freeman jr., son of Mr. and Mrs. William Freeman, 462 Evergreen avenue, is home on a 21-day furlough. Freeman arrived home Wednesday, March 28. At the end of his stay here he will report back to Santa Ana.

Sergeant Paul Chester Jones, son of Mrs. M. H. LeVeille, 387 Hanover street, is in a hospital in England, recovering from wounds received in combat duty. Sergeant Jones, who was awarded the Purple Heart, will be returned to the United States soon.

Mr. and Mrs. John Bernardi, 333 peoria street, have received word that their son Private First Class Philip Bernardi, who was in the third army, tenth armored division, has been wounded in action in Germany. He is in a hospital in England, recovering from his wounds.

His wife and two children, John and Philip jr., live at the same address.

General Pershing PTA Plan Future Events

The regular meeting of General Pershing PTA was held on Tuesday, April 3, at the school.

The meeting was called to order at 1:45 by President Louise Eliasen followed by the salute to the flag led by Violet Feta. The collect was read in unison by the unit. The PTA song was led by Mrs. Martha Freshley.

Mrs. Sophie Evans, chairman for the popcorn sale held on March 14, reported that it was very successful.

Mrs. Louise Eliasen reported that she and Mrs. Ann O'Connell gave out Easter baskets to the children of the school on Friday, March 23.

There are plans being made for a public whist to be held at the school at 8 p.m. Mrs. Emilia Siino will be in charge.

Report was made by Mrs. Frances Phillips on the district meeting held at Redwood City, March 8.

List of names for the Seventeenth District convention held at Burlingame, April 18 are Mrs. Louise Eliasen, Mrs. Frances Hausler, Mrs. Eunice Robinson, Mrs. Martha Stone, Mrs. Elizabeth Duckering, Mrs. Frances Phillips, Mrs. Sophie Evans and Mrs. Janet Delucchi.

The alternates will be Mrs. Emile Siino, Mrs. Getha Mejia, Mrs. Martha Freshley, Mrs. Ann O'Connell, Mrs. Lillian Bloom, Mrs. Margaret Prescott; Mrs. Fay Colby and Mrs. Sadler.

Plans are being made for installation and teachers' luncheon to be held May 1.

Mrs. Dora Barker's class entertained the General Pershing PTA April 3 with three songs on safety. The class put on a play entitled "In the Doctor's Office," also on safety. They won the PTA banner for the month of April.

County Juveniles To Be Sent To Kern County Camp

San Mateo County Board of Supervisors at a meeting Tuesday of this week, approved a contract between the San Mateo County Probation Department and the Kern County Juvenile Forestry Camp for Boys, for transfer of San Mateo County juvenile wards to that camp; approved a request of Atty. Ernest Wilson, asking for approval of reorganization of the Lomita Park Sanitary district, so that it could consolidate with other districts; referred a petition of the San Bruno Chamber of Commerce for a traffic signal at intersection of San Bruno avenue and Bayshore highway to the County Traffic Safety commission; and postponed until their next meeting action on a proposed exchange of property leading to a proposed new County Juvenile home.

Probation Officer John S. Cowgill reported three juveniles have already been sent to the Kern County Forestry camp. Each ward will cost the county $35 a month, according to the contract approved by the supervisors.

Supervisor Henry W. Edmonds took exception to the policy of various departments in taking action on matters of this kind, before bringing it before the supervisors for approval, and it was indicated at Tuesday's meeting, Edmonds and Supervisor Thomas L. Hickey plan to visit the Kern county camp to further determine the advisability of sending the county's juvenile wards there.

Cowgill's request to transfer $1200 from the unbudgeted reserve to the probation department to carry on work for the remainder of the fiscal year was granted, but Edmonds said he would make a thorough study of the department, as well as of other departments making similar requests in the future.

As a result of the supervisors' approval of the reorganization of the Lomita Park Sanitary district, a meeting was held Tuesday night to set up procedure for the consolidation of the Lomita Park and Capuchino Sanitary districts.

In petitioning for a signal at San Bruno avenue and Bayshore highway the San Bruno Chamber of Commerce indicated there was quite a traffic hazard there, especially at peak hours of travel on the highway. The County Traffic Safety commission will study the situation and report back to the supervisors.

Exchange of property for the new county juvenile home has the approval of the County Probation committee, Juvenile Court Judge A. R. Cotton and County Executive Frederick Peterson.

Mrs. America Meets The War...

Mrs. America's usual month- allotment of fifty blue and fif- red points are valid starting nday, April 1. The fifty new ue points good for buying pro- ssed foods are blue stamps T2, 2, V2, W2 and X2. For buying eats and fats, red stamps K2, 2, M2, N2 and P2 are now valid. ach of these stamps is worth ten oints and will be good through ly 3. You know, of course, that od ration stamps are valid for four-month period.

Others in use now are: Blue amps C2 through G2, good rough April 28; H2 through M2, od through June 2 and N2 rough S2, good through June 30. For meats and fats, there are T5 through X5, good through April 28; Y5, Z5, and A2 through D2 good through June 2 and E2 through J2 good through June 30. Sugar stamp 35 will be good through June 2. A new sugar stamp will be validated the first of May.

* * *

For the sake of balancing your red point budget, note that margarine is now eight points a pound, raised from five. Lard, shortening, and salad and cooking oils are going to cause a heavier drain on your point supply, too. They're up from four to six points a pound.

Other changes in ration point values for meats and fats this month involve mostly pork items, practically all of which are higher. For example, center pork chops are up from 10 to 12 points a pound, and bacon from six to eight points a pound.

* * *

Canned asparagus and peas are slightly higher in point value. A No. 2 1-2 can of asparagus will require 30 blue points instead of 20, and a No. 2 1-2 can of peas will require 50 blue points instead of 30. On the other hand, you'll need fewer blue points for tomato juice. The 2 lb. to 3 lbs. sizes are 20 points, down from 40. Canned cherries, plums and prunes also have lower point values this month.

* * *

Here are some time-saving hints for the busy housewife, which will be equally helpful for her grocer:

Always have your ration books with you when you shop. Don't put your grocer in the embarrassing position of having to refuse to extend you ration credit. He cannot legally sell you rationed goods without receiving the correct number of points in return.

Know in advance which points are valid for canned and processed foods and meats. This is easily accomplished by potting down the dates on the back of each stamp as they become valid. And last but not least, know how many points you can afford to spend.

* * *

After May 1, all infants' leather shoes will be rationed. At the present time, sizes 0 to 4, generally worn by babies before they learn to walk, are ration free. However, the more essential larger sizes are rationed and rather scarce in some areas. By putting all infants' leather shoes on an equal rationed basis, it is expected there will be less demand for the smaller sizes, paving the way for increased production of the larger sizes needed when children start walking.

* * *

Changes in the present gasoline rationing regulation effective May 1, will affect many motorists now holding "C" gasoline coupons. Some drivers at present in this preferred category will be placed in a new "semi-preferred" group with an 825-mile monthly ceiling —falling between the "B" ration classification and the preferred classification. Others who have been getting preferred rations will now be eligible only for "B" rations.

Most important change in "C" mileage eligibility is the setting up of tighter requirements for persons who are not employed by but who perform specialized services for war plants.

The new standards will mean important savings in gasoline consumption and more uniform action at local boards.

STATISTICS DON'T TELL ALL

A lengthy article in Collier's recently pointed out in support of a state-controlled medical system that at age sixty the life expectancy of the average American ranks below eleven other countries (pre-war statistics). The countries which ranked ahead of the United States on the particular vital statistic in question, included Norway, Sweden, Denmark, the Netherlands and several other European nations. This was taken as a sad reflection on American medical progress.

Yet, is it the American doctors' fault that beyond the age of sixty our life expectancy is more precarious than in some other countries? No comparison was made between living and working habits. A Norwegian fisherman who leads a rugged, slow tempo existence, is classed in the same category as the New York business man who eats lunch in ten minutes, labors under abnormal conditions, and has the prospect of dropping dead at age 45 to 50.

American doctors have worked miracles in controlling disease. But pitted against them has been our mode of living which even in normal times is paralleled by no other nation from the standpoint of speed and tenseness. For example, a late press report states that deaths from heart disease rose 8 per cent in 1943. Nearly 30 per cent of all deaths in the country in 1943 were caused by heart failure, in spite of striking gains by the medical profession in treating heart disease. It would be interesting to compare this record with that of a Scandinavian country where the people lead a more leisurely life.

THE MASTER "RACE"

The only "master race" in Germany today is the race toward Berlin of the Allied armies which have mastered the Germans.

And now that the Nazis are getting a full dose of the medicine they once so gleefully administered to their neighbors, the Berlin radio whines more and more about the "terrible suffering" the people are enduring for the Fatherland.

But even in these last desperate days the propaganda technique is still maintained in the effort to squeeze the last ounce of resistance out of the tottering nation. Declared a Goebbels' spokesman, "Our existence is a hard one, the bomb terror is severe, food rations have been cut. But it is a thousand times more worth while to bear this life than the slavery which our enemies have in store for our men and the life of shame to which they want to condemn our wives, daughters and mothers."

The prize-winning comment from the Berlin radio, however, came a few days ago in a broadcast to the Allied Nations. The speaker said, "Ask yourself if you have found the Germans self-satisfied, overbearing, fanatical, heartless and brutal."

To which we reply: How about the mass murder camps in Poland, or the slaughter of defenseless American prisoners during the December drive?

Need we say more?

THE COLONELS GO TO WAR

Argentina's ruling clique of fascist colonels have climbed reluctantly off the Axis bandwagon and have declared war against Germany and Japan.

There is little reason to believe, however, that they are any less fascist now than they were when they allowed German agents to carry on their activities in this hemisphere to the detriment of the Allied cause.

The simple fact is that the colonels found that living "out in the cold" from the other nations of North and South America had become a little too much even for them to bear. And they knew that as time went on, the atmosphere would get still colder if they didn't mend their ways. So they have done some mending—in form, if not in fact.

But, the mere declaration of war aganist the Axis at this time doesn't mean much now that Hitler and Hirohito have been battered into near helplessness. The colonels could best express a valid reformation by permitting genuinely free elections in Argentina and by cleaning out the Hitlerites who, it is reported, were sent to that country to form the nucleus for the rebirth of Nazism at some future time.

The colonels have made a step in the right direction, but they still have a long way to go.

Pac. Tel. & Tel Co. Reports On New Phone Connections

President N. R. Powley of the Pacific Telephone and Telegraph company in his message to shareholders accompanying dividend checks for the first quarter of the year calls attention to the company's performance in handling the high volumn of business, confronted as it is with inadequate facilities, due to the pressing war demands, to meet promptly the unfilled civilian orders for telephone service. Powley pointed out that it may not be generally appreciated how heavy the work volumes are and how strikingly they reflect the tremendously increased and mobile population and the unprecedented activity throughout the Pacific Coast.

Mr. Powley called to the attention of the shareholders that, "Inclusive of new installations, discontinuances and moves, our company handled last year a movement of 991,559 telephones — a number equal to more than a third of our total telephones in service. This movement was composed of 360,443 connections, 340,590 discontinuances, and 145,263 moves due to changes of address by our customers. To gain one telephone, it was necessary to connect and disconnect, and incur the costs therefore, a total of 50 telephones. Telephones connected were 23 per cent greater and discontinuances were 16 per cent less for the first two months of 1945 than for the corresponding period of last year. Due to the pressing war demands upon manufacturing facilities, the unfilled civilian orders for telephone service continue to increase. All telephones, however, essential to the war effort are being installed.

"The cooperative understanding being shown by the many people who are on the waiting list is most sincerely appreciated, as is the splendid response of the public to our long distance service requests to 'save from 7 to 10 p.m. for the service men,' and to limit calls to five minutes where circuits to war-busy centers are crowded. We earnestly seek, at all times, to merit the confidence of the public. Our fine personnel does itself traditional credit through its courteous and efficient service. In whatever department or capacity our employees serve, they are all representative of our company and their conduct, individually and collectively, determines its character and reputation."

Simple And Exact Pricing Regulations Are Announced

Simple and exact pricing rules for about 300,000 of the nation's retail stores selling clothing, textiles, furniture and house furnishings were announced today by Price Administrator Chester Bowles.

Under the new regulation — which replaces five pricing measures, including the general maximum price regulation, as they apply to these commodities—individual markups of each retail store will be "frozen" as of March 19, 1945 for each class of goods sold.

By substituting a more precise pricing method for the looser controls of former regulations, Bowles said, the measure will benefit consumers in two important ways.

First, it assures consumers that they will share in the reduction of prices paid by retailers to their suppliers which will result from the maximum average price order. This order requires manufacturers to restore the average level of their price lines to the averages of 1942-43. In this way, the retail regulation becomes a key part of the joint WPB-OPA textile-clothing program to return greater quantities of lower priced goods to the civilian market. It also clears the way for price reductions at retail when similar programs, now in the planning stage, restore production of more furniture and house furnishings in lower price ranges.

Second, it provides consumers with surer protection against price increases, since the regulation can be easily understood and used by retailers, practically enforced by OPA, and contains price-ticketing provisions that can be simply checked by shoppers. In turn, better compliance and enforcement cannot fail to bring about more effective price control, Bowles said.

Each of 300,000 odd retailers affected must make up promptly a pricing chart for his own store showing his own margins over net invoice cost for all goods on sale on March 19, the base day. Detailed instructions as to how retailers shall do this job are now in the hands of each of the 5,600 War Price and Rationing Boards throughout the country and board members stand ready to assist merchants with the task, Bowles said.

Small sellers may continue to price their merchandise, if they wish, under the regulations that applied before the effective date of the new retail regulation, Mr. Bowles pointed out. This provision applies only to retailers whose annual net dollar volume of total sales to consumers for goods covered by the retail regulation is less than $2,500.

News From Cub Den No. 8

Mrs. Maeaddie Pedroni, den mother of Cub Den No. 8 has written to an Indian school in Phoenix, Arizona and made arrangements whereby the boys of her den will keep up a correspondence with the boys of the Indian school.

The boys are now working on a project which consists of making head-dresses to be used for Indian plays.

The bird houses have been completed, and will be placed in Camp Boy Joy.

Frank Van Dusen has recently joined the Den.

Good dishes requiring no or low points

Even if you're down to your last few ration points there's no need to look forward to dull, skimpy meals. Let ingenuity take the place of points and serve meals so delightfully different there'll be no suspicion of point skimping. Here are recipes for two dishes that will receive acclaim even if your points are few.

CHEESE FONDUE

1 cup milk
1 cup soft bread crumbs, lightly packed
1 tbsp. shortening
½ tsp. salt
¼ tsp. pepper
3 cups coarsely grated American cheese
3 eggs

Heat milk in 1½ to 2-qt. double boiler. Add crumbs, shortening, seasonings, and cheese. Stir until cheese is melted. Cool slightly. Beat egg whites with rotary beater until stiff but not dry. Beat egg yolks with same beater until thick and lemon-colored. Add to milk and crumb mixture. Fold in egg whites. Pour into well-greased 2-qt. casserole or baking dish. Bake in slow oven (325° F.) 1 hour, or until firm to touch. Serve at once with Egg Sauce (recipe follows). Serves 6 to 8.

EGG SAUCE

2 tbsps. shortening
2 tbsps. all-purpose flour
1 cup milk
½ tsp. salt
½ tsp. prepared mustard
2 hard-cooked eggs

Melt shortening in double boiler. Blend in flour. Add milk gradually, stirring until smooth. Cook over rapidly boiling water 10 to 15 minutes, or until thickened. Add salt, mustard, and coarsely diced eggs. Makes 1½ cups sauce.

TAMALE PIE

1 lb. lean beef, pork or lamb
1 cup hominy grits
½ cup finely chopped onion
2 cups cooked tomatoes
½ cup chopped ripe olives
⅔ cup seeded raisins
1 tbsp. chili powder
1 tsp. salt
⅛ tsp. pepper
2 tbsps. butter or margarine

Cut meat into ½-inch cubes; simmer in salted water to cover about 45 minutes, or until tender. Drain broth from meat; measure, adding boiling water to make 3 cups liquid; add hominy grits to boiling broth. Cook 10 minutes. Place half of the hominy grits in bottom of well greased 1½-qt. baking dish; cover with remaining ingredients; top with hominy grits. Bake in moderate oven (350° F.) about 45 minutes, or until well browned. Brush top with butter or margarine about 10 minutes before removing from oven. Serves 6 to 8.

All-Stars Play Sherry Liquor Team

Headed by two well-known major leaguers, Joe Gordon of the Yankees and Joe Marty, erstwhile of the Chicago Cubs, the Service All-Stars baseball team will cross bats with the Sherry Liquor All-Stars at Seals Stadium Sunday, with proceeds of the game going into Charley Paddock Memorial fund, which furnishes athletic equipment to isolated military camps on the West Coast and in the Pacific areas.

Gordon will play his regular position at second base, while Marty may either be seen in the outfield or in the pitcher's box. Other former pro stars slated to perform with the service nine include Nino Bongiovanni, San Jose lad who used to play the outfield for the Portland Beavers and was later with the Cincinnati Reds; Milo Candini, Washington Senator pitcher; Harry Goorabian, ex-Seal third sacker, and Woody Alexander, a catcher, who was in the Texas League before entering the service. Other service nine personnel will be the cream of diamond stars now stationed at the various air bases in California.

Syd Hudson, ex-Washington Senator pitcher and Birdie Tebbets, former Detroit catcher, may also be in the service lineup. They are slated to arrive here some time this week, prior to being assigned to a new post.

Sherrys will also have an All-Star cast, headed by Jim Tobin, Boston Braves pitcher, hero of two consecutive no-hit games and Caesar Sinnabaldi, former Pacific Coast League catcher. Sponsor Millett of the Sherrys this week was also trying to line up Ernie Bonham and Frank Crosetti of the New York Yankees for this game.

The Sherry team has been successfully campaigning at Vallejo this winter and spring, and Sunday trounced Colombo Bakers, one of Oakland's strongest teams 22 to 8, crashing out 25 hits off a pair of Colombo hurlers.

Last Sunday some two thousand fans took in the four game program at Seals' Stadium featuring the 13th annual James J. Nealon fund program. In the feature game Moffatt Mantecas turned back Owl Drugs 6 to 5 in a ten inning thriller. De Nike's Taverns nosed out Newells of San Brunos 7 to 6 and Western Pipe and Steel dropped the Daly City Juniors to the tune of 8 to 4. In the opening game in the morning, Papenhausen Hardware won the San Francisco Class "C" Recreation League title with an 8 to 4 decision over the Messengers Club.

County Blood Bank Aids Iwo Wounded

Residents of San Mateo county are writing another chapter to the bloody battle of Iwo Jima, it became known here today when the San Mateo County Blood bank disclosed that it has furnished plasma during the past week to Iwo battle victims in the Oak Knoll Navy hospital at Oakland.

Plasma from San Mateo county donors was speeded to the nearby Navy hospital following an appeal from officers there.

Likewise, in the past few days, the county bank has sent 60 units of frozen plasma to the Navy hospital at Tanforan, San Bruno.

Mrs. Wallace, of the Blood Bank staff, stated that the Blood Bank is very anxious to continue to meet all of the demands made by these hospitals and that volunteers may make appointment as donors for hours at their own convenience by telephoning 3-1424.

The following persons from Daly City contributed blood to the San Mateo County Blood bank during the past week: Mrs. Lawrence Kennedy and Robert Rankin, first time dnors; Lawrence Kennedy, Mrs. J. C. Welsh and J. C. Welsh, third time donors; Albert J. Perada, sixth time donor; A. L. Sundstrom, seventh time donor.

WHITE MAGIC FOR BRIDES

Courtesy N. Y. Dress Institute

Sheer white net with organza ruffles, for the Spring and Summer bride.

This Spring's bride will look just as beautiful, and perhaps even more demure, than did her great-grandmother. She may wear creamy satin or billowy organdy, but her dress will fulfill her fondest dreams.

New York's famed designers of wedding gowns are showing lots of bridal dresses inspired by Southern Belle fashions, complete with hoopskirts and bonnet headdresses. The charming dress pictured is typical, with its shorter but fuller train, its wide, full ruffles and its quaint bertha neckline.

Other bridal dresses feature apron skirts and peplum effects, and a number have set-in midriffs to show off a tiny waist.

Very few sleeves are short, since today's bride prefers the long, tight sleeve pointed over the wrist or a full, bracelet sleeve. A few dresses have detachable sleeves and trains which may be cut off, to make a lovely dance dress for wear the Summer through. For the most part, though, this Spring's bride wants the heirloom type of gown that she will wear once, breathlessly, and put lovingly away.

The bride's headdress is most frequently a very full fingertip veil of fine net, falling from a little circlet or bonnet of fluted or gathered net, or a headdress to match her gown, in organza, lace or chiffon.

Local Boy Will Marry English Girl

Barbara Jensen Wins Two More

Honors go again to Miss Barbara Jensen, swimming champ, who on Saturday evening, March 31, at the Athens club, Oakland, took two first place awards and one third.

Miss Jensen, representing the Athens club, placed first in the 100-yard backstroke, competing against participants from Crystal plunge and the Fairmont plunge.

Again in the 300-yard individual medley, competing against Crystal and Fairmont she walked off with first place.

The Crystal plunge won the Junior National AAU in the 300-yard medley relay. The Oakland Women's association placed second, and the Athens club, third, represented by Miss Jensen, Miss Zo-Ann Olson and Miss Gloris Woodin.

Miss Olson and Miss Woodin, representing the Athens club, will participate in the nationals to be held in Chicago soon.

Miss Jensen will go to Los Angeles to compete in the Outdoor National meet to be held in July or August.

Junior College To Again Conduct Canning Program

San Mateo Junior College will be the training center for men and women who will come from all Northern California next week when food instructors and cannery engineers will be given training. The training will be given by the State Bureau of Canneries and the Bureau of Agricultural Education of California. Licenses will be given successful trainees as cannery inspectors and operators in community canning centers of Northern California.

The junior college community canning center will be used for the "school" next week. This cannery led all 53 community canning centers of the state last year with a record pack of over 55,000 cans. The junior college will open its canning season later this month as early vegetables become plentiful.

Boeing Inaugurates Stratoliner Service

Boeing Stratoliner passenger service between Mills Field and New York City was inaugurated Sunday night by Transcontinental and Western Air incorporated, when the first of the big planes, reconverted and modernized after service with the Air Transport command winged its way eastward from the San Francisco airport.

Ernie Smith of TWA acted as master of ceremonies at preflight ceremonies during which Brig. Gen. Thomas Hardin of the Air Transport Command spoke briefly and Mrs. Henry F. Grady, wife of the president of the San Francisco Chamber of Commerce christened the plane.

The stratoliners will be the only four-engined passenger planes in service within continental United States. They were used in 1942 to fly desperately needed ammunition and supplies to General Montgomery's British Eighth Army, then fighting with its back to the wall in Egypt. This flight was across the South Atlantic from South America to Africa.

Girl Scout Troops And Brownies Join In Celebration Of Their Anniversary

On Wednesday, March 28, at 1 p.m., Girl Scout Troop No. 1 and Brownie Troop No. 7 joined in celebrating the fifth anniversary of their troops with appropriate programs. Many mothers and friends attended and everyone thoroughly enjoyed the party.

The Brownies presented a play and did several individual numbers. Their entertainment was very well presented and received great applause. The Girl Scouts enacted a skit, and those taking part were Janet Reynor, Marjorie Kruse, Alberta Smith, Geraldine Borelli and Joan Siino.

The regular meeting was opened with the Salute to the Flag conducted by both groups. Next, the Brownies gave their Promise. Two new girls have come into the troop and were presented with their pins. They are Diane Pedroni and Anna Rouder. All the girls who completed a year's active registration were given pendants which are attached to their Girl Scout pins. Service Bureau pins were awarded to the following girls: Lorraine Bergstrom, Ordetta Bechtel, Jean Eliasen, Carol Clarke and Dolores Mason. Arlene Pool and Carol Clarke received white ribbons to be attached to their Service Bureau pins. Each pin represents twelve hours of service work, and the white ribbon means an additional twelve hours of work have been completed.

The Girl Scouts opened their meeting with their Promise led by Marjorie Kruse. It being a party, regular business was dispensed and a Court of Awards was held. This is when the girls receive their ranks and badges for completion of required work. Beth Anne Calvin, having completed all requirements for First Class rank, over a period of three years, was presented with her award and her First Class pin. Service Bureau pins for fifteen hours of service work went to Christine Quickert and June Prescott. The current project of the troop is knitting an afghan for the Red Cross. Attendance stars for the completion of a year's active registration were awarded to Eleanor Quickert, Beth Anne Calvin, Joan Siino, Rose Heffron, Geraldine Borelli, Marjorie Kruse, Alberta Smith and Christine Quickert.

Guards to be attached to the Girl Scout pins are given for five years consecutive registration in the Girl Scout organization. These pins are in the shape of the Roman numerol "V". The first pin was given to Alma Becker for her mother, Mrs. P. J. Becker, who with Mrs. J. Kinsey, was the founder of these troops. It was with a great deal of pleasure and honor that this presentation was made as Mrs. Becker gave many hours of her time to Girl Scouting in the early years of these troops. Today we pay tribute to such a fine leader. The girls gave her a corsage of daffodils and two miniature shoes filled with cactus plants and two little Brownies placed in the greens. Alma Becker also received her five-year pin, having been with Troop No. 1 when it started five years ago. She is now a member of the Senior troop. Beth Anne Calvin received her pin for three years in an Intermediate troop and for two years as a Brownie of Troop No. 7.

Members of the Women's Civic club who are on the troop committees were presented with lovely daffodil corsages. Mrs. Eason, who was present, was thanked for her help during the year as she has been a very active committee member.

After the program was over the girls served hot chocolate and home-made cakes, some of which had been made by the girls. The tables were decorated in green and yellow, and the large inscribed birthday cake was lit with five candles for each troop. The paper plates had been decorated by the girls in their particular troop colors. Yellow flowers and greens about the hall gave a very pleasant and festive air. At the conclusion of the program each girl help up a large letter in green and yellow, spelling out the words "Happy Birthday" and concluded with everyone singing the familiar "Happy Birthday To You."

The following girls are to be thanked for their special efforts in preparing the party: June Prescott and Beth Anne Calvin for cleaning and decorating the hall; and Alberta Smith and Carley Carle for helping to decorate the tables and serving refreshments. Their co-operation was greatly appreciated.

Mrs. E. Kruse and Mrs. S. Prescott are assistant leaders of Troop No. 1. Mrs. A. Mejia has been active for the past two years as an assistant.

These troops have completed five successful years, and with the help of the recently organized Daly City-Colma Girl Scout council, they will have even better years to come. Troops No. 1 and No. 7 thank each individual of the community who has given Girl Scouting a chance to go forward.

Court St. Mary Makes Arrangements To Open Teen-age Club

Court St. Mary No. 1155, Catholic Daughters of America, are completing final arrangements for the opening of a teen-age club at the American Legion hall, 474 San Diego avenue.

It is hoped the club will be ready for opening some time this month. This is part of a youth movement sponsored by the Knights of Columbus and the Catholic Daughters of San Mateo county to provide teen-age clubs in the county.

Mrs. Julia Wilson, 475 Winchester street, will be in charge of the club.

Seals Start Season Dropping 3 Out Of 5

After dropping three of the five games in their opening Pacific Coast League series at Los Angeles, San Francisco's Seals Wednesday moved into San Diego for a five game series, after which they return home Tuesday night, April 10, to open their home stand at Seals Stadium.

First home opposition will be furnished by Marv Owen's rampaging Portland Beavers, who dumped the Oakland Oaks four out of five in the opening coast league at Emeryville—a series replete with heavy scoring. Portland has a five game engagement at Sacramento this week end before invading Seals Stadium.

Meanwhile Dolph Camilli's Oaklanders glad the Beavers have departed, will host the Hollywood Stars at the Emeryville diamond over the week end. The Stars, this year under the guidance of third baseman Buck Fausett, got away from Sacramento with two of the five games played in the opening series at the capitol city.

Seattle Rainiers, who uncovered several good pitchers and a lot of hard hitting in the opening series at San Diego Wednesday, were tied with Portland for the league lead—each having won four out of five games.

The Seals left Joe Sprinz, veteran catcher behind when they headed for San Diego Wednesday. Sprinz knocked down violently in a home plate collision with Jim Tyack, Los Angeles outfielder in Tuesday's game, stayed at Golden State hospital for observation for a possible concussion. He was out for two minutes after the collision, but rapidly recovered, and neither he nor hospital attendants seemed to think the injury was serious, but deemed it best that he remain at the hospital for a few days for observation. If X-rays show nothing serious, Sprinz will rejoin the Seals in San Diego later in the week.

Four Scouts Enjoy Ranch Camping Trip

Four boys, accompanied by Scoutmaster Joseph Straughan, spent four days of their Easter vacation on a ranch in Palamoris Canyon. They were the guests of Dr. Chappel.

The boys who enjoyed this camping trip were George Robison, Eric Durkins of the troop and Irvin Atwood and Charles Johnson who are scout candidates.

Marriage Licenses

Marriage licenses recently issued included the following local people: Walter Brewer, 23, Daly City, and Jeanie Bond, 18, 3327 22nd street, San Francisco; George Clapper jr., 22, U. S. Navy, and Gwendolyn Stegeman, 19, Daly City; Richard E. Daricek, 21, Daly City, and Bernice M. Griffiths, 17, Redwood City; Raymond Freitas, 22, and Betty Dennis, 24, both of Daly City.

Week's Program At D. C. Theatre

Van Johnson and Robert Walker, two fine young stars are the featured players in "Thirty Seconds Over Tokyo," coming to the Daly City theatre Wednesday for four days. Spencer Tracy portrays Jimmy Doolittle, the leader of the epic raid over Tokyo.

It is the personal story of a living hero of that raid. A great picture and a story well told.

Due to the length of this picture and the 12 o'clock closing, the picture will be shown at 6:50 and 9:35 p.m. on Wednesday to Friday and 1:20, 4:04, 6:50 and 9:35 on Saturday.

"And Now Tomorrow," coming Sunday, gives Alan Ladd (he of the gun in "This Gun for Hire") doing a matured Dr. Kildare in the picturization of Rachel Field's novel. Loretta Young is the pretty patient. Well, you know how those things get to be. It should be good.

"One Body Too Many," the companion feature, features Jack Haley. It's a murer story with wise-cracks. Jean Parker is the girl in the story.

For Wednesday, several bodies and stolen jewels are the problems at the Townley hotel which is the setting for the "Adventures of Kitty O'Day," Jean Parker in the role of Kitty O'Day, a crime magazine fan who gaily attempts to solve a murder mystery with the aid of her fiance, Johnny Jones, played by Peter Cookson.

Roy Rogers and his gang are the other feature in "Sunset on the Desert." "Jasper Tells," a Puppetoon, and a short "The Enemy Strikes" makes a good evening's entertainment.

Nazarenes Plan To Burn Mortgage

On Easter Sunday approximately $400 was collected in a special offering at the Grace Church of the Nazarene. This amount is sufficient to clear the debt on the church property with $100 remaining to start improvements on the building. The collections were started June 1 of last year.

The mortgage-burning ceremony will be held Sunday, April 29 at 10:45 a. m. District Superintendent Dr. Roy F. Smee, guest speaker, will have charge of the services.

Jack Anderson Speaks At Lions Club Meeting

Congressman Jack Anderson was the guest speaker at the Daly City-Colma Lions club luncheon held at Estrada's Spanish Kitchen, El Camino Real, Wednesday, April 4.

He is on the Naval Affairs committee of the House of Representatives and he has recently returned from the Pacific theatre of war.

Woodrow Wilson PTA

Woodrow Wilson P. T. A. board meeting and luncheon will be held April 10 at 12:30 p. m. at 141 Los Banos avenue.

Hostesses will be Catherine Duffy and Ethel Saame.

PLAN AHEAD FOR 194X LIVING . . .

Settle these Questions

for Complete Comfort and Lasting Satisfaction

What type of gas furnace is best fitted to your home heating demands? How will your gas heating equipment cope with unusually cold weather? Where will the furnace registers and cold air returns be placed? And will furniture placement be affected by the heat outlets in the home?

Yes, it pays to plan your heating system in the home carefully. Such careful planning can eliminate chances of discomfort and at the same time give you heating that is a perfect job to live with and costs less to use.

Before you plan your new home too definitely or remodel your present one, be sure to read and clip magazine articles and booklets about combination furnace-playrooms, and the blower-type gas furnace that fits compactly in closets or in the attic. When these new and better appliances become available, your heating contractor will be able to supply you. He can also help you with your planning.

Availability Of Civilian Goods Is Disclosed by WPB

With production schedules influenced by tight supplies of materials, the effect on the availability of various civilian goods items is summarized by the War Production Board.

Work Gloves — With prospects of continual shortages, applicants are urged to supply for minimum requirements, not to stockpile and to conserve by cleaning and repair.

Alarm clocks—Maximum probable production in second quarter estimated at 1,200,000 about one-third of pre-war production rate.

Incandescent and fluorescent lamps—Despite reduced allotments of copper and tungsten, production expected to be sufficient for civilian requirements.

Shoes — Increased military requirements will sharply curtail upper leather for civilian shoes in second quarter particularly affecting production of men's and children's shoes. Improved condition anticipated in last half year.

Batteries—An additional 4,666 tons of lead allocated for April from national stockpile to bolster essential civilian battery requirements—also additional allotments for collapsible tubes, cable covering and lead tetraethyl.

Bathtubs—Fifty thousand cast iron tubs approved for second quarter production, manufacturing quotas to be assigned to labor-free areas and distribution controlled.

Comedy Playing At Curran Theatre

"Watch Out, Angel" has been given an attractive frame abounding in chances galore to keep the swift comedy rolling, plenty of witty and humorous lines, absurd situations portrayed by a cast of well known players including Lucien Littlefield, Lester Allen, Eden Nicholas, Donald Kerr, Parker Gee, Marilyn Hare, Carol Haney, Anne Triola and Heidi Olsen.

To supply the necessary background which would serve to project this theme across to the public, Josef Myrow and Eddie Delange, who need no introduction in the field of music, have composed a score that justifies this colorful presentation, including "Where Is the Boss?" "I Love You But Good," "To Be Young," "It's a Great Life If You Weaken," "Half a Dream to Go," "Publicity," "Out of My Mind," and the theme song, "Watch Out, Angel!"

Not only do the many excellent musical numbers lift this production to the top of 1945 offerings, but the choreography by Aida Broadbent, another artist of repute, fills all the niches with "angels," beautifully costumed angels who dance to the rhythm and the melody.

A special orchestra accompanies this group of players and very ably blends all of the cast into a euphonious whole.

Seats are now selling at the Curran where "Watch Out, Angel" begins a limited engagement Tuesday evening, with matinees on Saturday and Sunday.

Ceiling Prices on Liquor Must Show Alcoholic Content—Says O. P. A.

All establishments serving malt and alcoholic beverages will be required to post a new ceiling price list showing the number of ounces in each drink or bottle offered for sale, District Manager Robert Parks of the San Francisco Office of Price Administration announced recently.

The new list must also be posted in plain sight on a standard form furnished by War Price and Rationing Boards and three copies must be filed with the board. These changes are a result of two amendments to the Restaurant Price Regulation No. 2, Parks said.

In cases where a customer calls for a particular brand the ceiling price for such a drink must be available for his inspection. In general, ceiling prices are the prices charged by an establishment during the base period of April 4-10, 1943.

The posted ceiling prices may be no higher than legal ceiling prices previously filed with War Price and Rationing Boards. Where specific dollar-and-cent ceilings have been established for beer in certain areas, these ceilings apply.

Keep on Backing the Attack with your purchases of WAR BONDS. Give War Bonds for Christmas.

Have You Filed Your State Income Tax Returns Yet?

State income tax returns for the year 1944 are required to be filed by: Single individuals and married persons not living with husband or wife, if having a net income of $2000 or more or a gross income of $5,000 or more, regardless of the amount of net income, and married persons living together having an aggregate net income of $3,500 or more or an aggregate gross income of $5,000 or more, regardless of the amount of net income.

In determining liability to file, the difference between the Federal Revenue act and the California act must be borne in mind. While generally speaking, liability to file under the Federal act is based only upon gross income, the State act is based upon both net and gross income. It follows that in many cases taxpayers will be required to file Federal returns but not State returns.

Filing—Returns must be filed by taxpayers reporting on the calendar year basis on or before April 15, 1945. Taxpayers reporting on the fiscal year basis must file on or before the fifteenth day of the fourth month following the close of the fiscal year. Returns should be filed at the office of the Franchise Tax commissioner, Sacramento, 14, California, or at any of the various branch offices throughout the state.

Tax liability under the California act is based upon a taxpayer's "net taxable income" which is defined as "gross income" less allowable deductions, personal exemptions, and credit for dependents. This article is concerned with "gross income" as defined and made taxable under the act.

In fixing tax liability under the act, after a taxpayer's net income is computed (gross income less allowable deductions) a deduction against net income is allowed for personal exemption and credit for dependents in computing net taxable income upon which amount the tax is levied. These allowances are:

Personal exemption — Single persons and married persons living apart from husband or wife who do not qualify for exemption as head of family are entitled to a $2,000 personal exemption.

Married persons living together all year are entitled to one personal exemption of $3,500. The full amount thereof may be claimed against combined net income of both spouses if a joint return is filed. If separate returns are filed, the exemption may be divided in any manner between the two returns.

A head of family is entitled to a personal exemption of $3,500. To qualify for head of family exemption, an individual must support in one household one or more individuals who are closely connected with him by blood or marriage relationship, or by adoption, and he must have the right to exercise family control and provide for such individuals on the basis of moral or legal obligation to do so. The individuals supported must be dependent upon the one claiming head of family.

Although one qualifying as head of family is entitled to personal exemption of $3,500, nevertheless such an individual is considered a single person in determining liability to file a return. Consequently, even though one may qualify as head of family, a return must be filed if his gross income is $5,000 or more, or if net income is equal to or in excess of $2,000.

Credit for dependents—$500 is allowed for each person (other than husband or wife living with the taxpayer, and other than the one dependent giving taxpayer the status of head of family) dependent upon and receiving his chief support from the taxpayer if the dependent person is under 18 years of age or if 18 or over is incapable of self-support because mentally or physically defective.

UNITED AIR LINES

CARGO HANDLERS DO VITAL WORK IN AVIATION

New jobs for men created by increased air freight, express and mail

With the tempo of the war in the Pacific increasing daily, United Air Lines is flying the greatest volume of air cargo in its history.

In this vital war work, cargo handlers at the San Francisco Airport are donig a tremendous job of keeping this war material moving to all parts of the nation and war zones, the airline reports.

However, with the air transport job increasing as the war is stepped up, more cargo handlers are needed today at the airport.

Special attention will be given honorably discharged war veterans. Already many veterans have taken jobs at United and are establishing themselves in these jobs which offer a postwar future.

Cargo handlers find working conditions at United Air Lines pleasant, and co-workers are friendly and helpful to new employees. Transportation to the San Francisco Airport is convenient—busses stop at the gate of United Air Lines. And the airline has a new and modern cafeteria for its employees. Employee benefits include vacations with pay, insurance, periodic wage review, and a retirement plan.

To help out in this vital war cargo work, men are urgently needed today. Apply at United Air Lines, San Francisco Airport, Bayshore Blvd., at San Bruno Ave., or 421 Powell St., San Francisco.

Pays Tribute To Salvage Program

Paying high tribute to the diligence and patriotism of the 700 committees of California voluntarily engaged in the work of collecting waste paper, tin cans, household fats, rags and other items of salvage, a report on operations of the programs for the year 1944, the third of "Salvage for Victory" has been issued by Judge Edward P. Murphy, chairman of the California State Salvage committee, and Harold Brayton, state chief of War Production Board's general salvage activities.

In collection of waste paper, the nation's No. 1 critical salvage material, California's contribution is estimated at 10 per cent of national total. The state's tin can recovery program yielded 22.3 per cent of national reported total. Household fats collected in the first half year amounted to nearly 125 per cent of collections for the entire preceding year. Approximately 200,000 tons of iron and steel scrap in excess of local needs was shipped to eastern mills.

In praising the various organizations and agencies for their support the report says:

"First in importance to the success of the program is publicity. We cannot overstress the value of the support that California newspapers have given. Their generosity in contributing valuable space to the promotion of the waste paper program, as well as the others, is highly commendable. Publishers have taken a personal interest to the point of contributing funds for prizes, and given of their time to organizational matters in assisting salvage committees.

County Schools Receive State Aid

The school districts of San Mateo county are receiving $1,312,615 in direct aid from the state treasury for the current fiscal year, California Taxpayers' association said today, making public the third section of its study of state payments to local governments in California. In addition to aid from the state, property tax levies for the school districts in the county amount to $2,410,630 for the current fiscal year.

The state apportioned $814,938 for the 12,430 elementary pupils in average daily attendance credited to the county, $454,907 for the 5,064 high school average daily attendance, and $42,770 for 453 junior college attendance.

Over the state as a whole, $80,996,098 is being paid from the state treasury to the school districts during the current fiscal year, the Taxpayers' association said. In addition, $119,110,226 is being levied in local property taxes for schools.

State aid to the elementary school districts for next year and the years to come will be increased by at least one-third, because of the passage of Proposition No. 9 at the November, 1944, election, the association said.

"The governor's $684,000,000 state budget for the 1945-1947 biennium sets aside $417,000,000 for aid to local governments, with $216,000,000 for apportionment to school districts. Other state aids include social welfare and public health, $119,700,000; highways and streets, $46,200,000; and other purposes, $34,700,000.

"No further increase in state aid to local governments appears necessary at the present time," the Taxpayers' association declared, pointing out that the $100,000,000 and $57,000,000 proposals now before the legislature will either drastically reduce the amount the state will have on hand to care for postwar problems or will make increases in state taxes inevitable.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism

Tighten Restrictions On Use Of Pine

Further tightening of restrictions to conserve the limited supply of western pine lumber for military and most urgent civilian needs were announced today by Stewart Griswold, regional lumber advisor, War Production Board.

Millwork manufacturers use of western pine becomes limited to windows, sash, window sash and door frames, window and door screens, trim and moulding and cut stock for these items. No other millwork such as kitchen and medicine cabinets, cupboards and furniture may be made of western pine.

At the same time announcement was made of simplified procedure so that class 2 consumers may obtain the same second quarter allotments of western pine and restricted hardwoods as for the first quarter, if used for the same purposes, without applying for further authorization.

Easter Services Are Well Attended

All records for attendance at the Grace Presbyterian church were broken at the Easter services. The morning worship services at the Masonic temple had a capacity attendance for both hours.

The choir, a cornet solo, the many lilies that were brought, and the special altar piece surrounded by cala lilies, all added to the beauty of the services.

A large number of adults and infants received the Sacrament of Baptism at the Vesper Service.

Wednesday evening at the church the annual congregational business meeting was held. Reports were heard and important business matters were presented.

"OFF THE BLOTTER" . . .

On March 28, 7:20 p.m., James Bass called at Carr's station to purchase a radio and found the door to the station open and no one around. Mr. Bass notified the police department and they in turn summoned Mr. Carr. Mr. Carr said that nothing had been taken from the place.

On March 28 M. L. Carr notified the department that he parked his 1931 Buick sedan in front of his home and that it was stolen at 8:20 p.m. Carr recovered his machine in the 1100 block of Brunswick street.

On March 29, 10:30 p.m. John Ferro of Stockton Lumber company notified Officer H. Sundermann that children had gained entrance into the rear yard of the lumber company, breaking the shop windows. This occurred after working hours.

On March 29, 8:50 a.m. Mrs. Hughes of the county health department, phoned the police department to have our ambulance pick up Mrs. Lydick and bring her to the Community hospital to be treated for a cereberal hemorrhage. Officer Dean Wood and James Smith responded and rushed the patient to the Community hospital.

On March 31, 7:20 a.m., L. R. Alexander, 60-a Vicente street while driving a Reo sedan bearing license No. 2-G-1392 drove it across the sidewalk in front of the City hall and broke the fence. Bert Silicani straightened out the fence, damage being very slight.

On March 31, 6:10 p. m., Mary McArthur, Mission Auto court, was driving a Pontiac sedan south on Mission street and while attempting to park her car in front of 6194 Mission street, she hit and damaged the left front fender of a car belonging to Anthony Di Benedetto, 7298 Mission street. Officer Beecher took the woman up to the police department where Judge Wm. J. Sweeney set bail at $50.

While patroling, Officers R. Beecher and James Welsh noticed a Buick sedan parked in a lot next to Witt's End. Investigation showed that the car had several buckshot holes and that the motor was still warm. Owner of the car Jack Summer, 6053 Mission street was contacted.

Inspector John Murphy, San Francisco Police department asked that the Daly City police be on the lookout for Emery Blank, 21 years, height 6 feet, over 200 pounds. Dark hair and dark complexion and scar on right temple. Last seen around Buffalo Bill's ranch.

Mr. Buckley, 61 Shakespeare street, phoned police department that the water pipe had broken in his home. Gus Ford responded and shut off water.

Frank Neuman, 6512 Mission street, reported that his dog had been killed by a car.

H. Bennet, 243 Louisburg street, stopped Officers R. Beecher and James Welsh, stating that someone was in Milo's market. Officers Benassini and E. Beecher contacted Mr. Milo and found that entry had been made and that six new butcher knives were missing.

While patroling, Officers Roy Beecher and James Welsh heard the burglar alarm ringing at Gelsi's Tavern. Upon investigation everything was found to be in order.

Mrs. Edna Stahlman, 359 Lowell street, phoned the department and reported prowlers around her home. Officers August Benassini, R. Petrocchi and G. Savage responded and found everything in order.

Walter B. Johnson, 230 Lowell avenue, Mill Valley, while driving a Ford coupe, fell asleep at the wheel and struck a pole at School and Werner streets. Officers A. Benassini and J. Welsh had the car taken to B. and G. garage.

YOU CAN HELP KEEP SUPPLIES MOVING

Here's How! As the Pacific war steps up, more men are needed to do vital guard duty as members of the San Francisco Regiment, Voluntary Port Security Force, United States Coast Guard. This force was formed to relieve regular Coast Guardsmen for active sea duty, where they are now vitally needed. Men 25 to 65 years of age are eligible providing they are American citizens. Volunteers serve two 6-hour watches each week; are a vital part of our military forces while on duty, yet they live at home, keep their regular jobs. FARMERS MEAT COMPANY

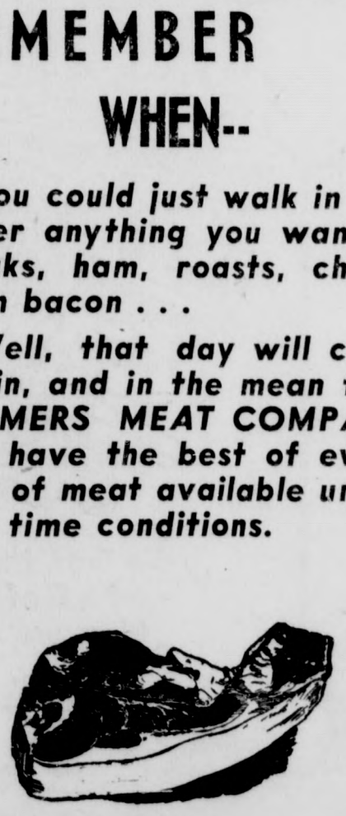
REMEMBER WHEN--

You could just walk in and order anything you wanted: steaks, ham, roasts, chops, even bacon . . .


Well, that day will come again, and in the mean time FARMERS MEAT COMPANY will have the best of every kind of meat available under war time conditions.
